

## ViALUX LabKit Mounting Solutions

Now available for Hi-Speed V-Modules (V-7000)

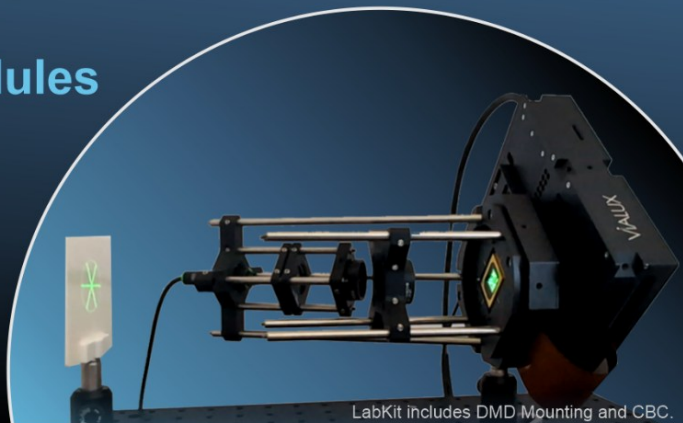

We are delighted with the fantastic response to our recently launched LabKit – Mounting Solutions. Until now, it was only available for our SuperSpeed and UltraSpeed V-Modules. Due to high demand, we are now pleased to announce the launch of a LabKit also for the Hi-Speed generation of our V-Modules.

### Key Advantages:

- **Works with all Hi-Speed, SuperSpeed, and UltraSpeed V-Modules** (in standard shape) – Supports the following DMDs: 0.7" XGA, 0.95" 1080p, 0.65" WXGA, 0.65" 1080p, 0.9" WQXGA along with the corresponding controller boards
- **Ready to Use** – Compatible with standard optical components for seamless integration
- **Flexible Mounting Options** – Perfect for prototyping, production, or custom assemblies thanks to its fully adjustable 45° mounting options

## ViALUX LabKit Mounting Solutions For all V-Modules

**New for: Hi-Speed V-Modules**  
Established for:  
SuperSpeed and UltraSpeed V-Modules

LabKit includes DMD Mounting and CBC.
